sites.

Cha Jin-Suk what ?

Why are you even
asking such a question ?

For no reason really.
I am just asking because
you two seem to have
gotten a lot closer than
I expected

Is there a reason
we shouldn't get
close ?

No, not really...

By the way, Hye-Ri,
why do you seem
angry at me always ?

What ?

I don't know why,
but you've been
either avoiding me
or ignoring me.

That.... is because
you ..... ?

What is it? Tell me.

Last ..

Last year. .. you
ignored me when I was
being bullied by
Park Yuri and her gang

I did ?

I was walking by and
I overheard your
conversation with
another girl. She said
I deserved it.

I don't know how you
felt about me, but
I thought you had
become good friends.

Seeing you sneer at me
like that behind my back,
I was shocked

And you kept on
ignoring me since
then .

Is she talking about
that moment .... ?

The subject of the
conversation wasn't ..

Ah

Well, I apologize if
you felt that way

But given how you
were acting at that time,
I think anyone would
have thought the same

What ..

I have to go due to
the student council

I am sorry for wasting
your time by asking a
unnecessary question

Ji Na-Young ... !

I didn't think Hye-Ri thought about me that way

So, it seems I was one of many reasons she changed . .

While I want to straighten things out with her,

Now is not the time.

Perhaps it is better for her to hate me.

In addition, she has become attached to Cha Jin-Guk .

I shouldn't have let him stay with her too long.

He is not answering his phone . .

Unlike me, he usually answers his phone ...

Is he intentionally not answering ?

Hmm .

This is bothering the hell out of me !

I am gonna skip the class and go see him.

Hye ... Hye-Ri ?!

Ah ... there you are.

The class isn't over yet . Where are you going ?

Ah , I am not

Phew ... she almost got me there.

Park Yuri wondered whether Hye-Ri told me ...

Maybe she knows something about Na-Young and Shin Ye-Win ?

Um, Hye-Ri ...

Yeah ?

W... why are you taking ... (clothes off)

I need to attend the class

Although I am late.

I, I see

I ... I will wait outside !

drab !

Hye ... Hye-Ri ?

What is it . .
Did something happen ?

I didn't expect too much from her ..

But I did not want such an answer from her .

Feeling betrayed

is hurting more than I thought .
